

The Fourth Altar...The Altar at Mamre

Authority

Genesis 13

God gave our 1st parents authority to rule (steward) over all creation. Lucifer however deceives them and they obey him rather than God...and so give their authority to the very enemy of the Father. All that was under Adams authority fell when he fell. His disobedience brought a curse on all creation. But God had a plan...

The provision for the return of intimacy with God and authority to man is known as the Aramaic Covenant. (Genesis chapter 15)

Through the lineage of Abraham would come the promised Messiah/Savior who would restore us to:

- Intimacy with the Father and the
- Authority for which we were created.

Four Big Ideas About Walking in Authority

From the life of Abram

Know the source. (13:4,14-16)

- We don't own it. It's delegated.

- It is entrusted to us and we must manage it.
- It is a precious gift not a right.

Walk the boundaries. (13:15-17)

Why did God want Abram to walk the land?

To make a commitment.

Understand the landscape. (13:5-7)

Identify the enemy. Identify the problem.

Execute the blessing. (13:18)

It's one thing to see what God wants...

It's another to walk it out.
